# Quartz Finish Colour Chart

**Decorative Anti-Slip Finish**

Our Quartz epoxy system is a decorative anti-slip finish specially designed for exterior areas that require high grip.

This system is available in two grip options:

- High-grip: For standard walkways, driveways and poolsides.
- Super-grip: For steep driveways and ramps.

## Features

### ✓ Anti-Slip:

Offers great anti-slip properties with two grip levels to choose from.

### ✓ Decorative:

Enhances the aesthetics of the space with a modern appearance.

### ✓ UV Stable:

Doesn't change colour when exposed to constant sunlight.

### ✓ Durable:

High chemical and mechanical resistance.

### ✓ Protective:

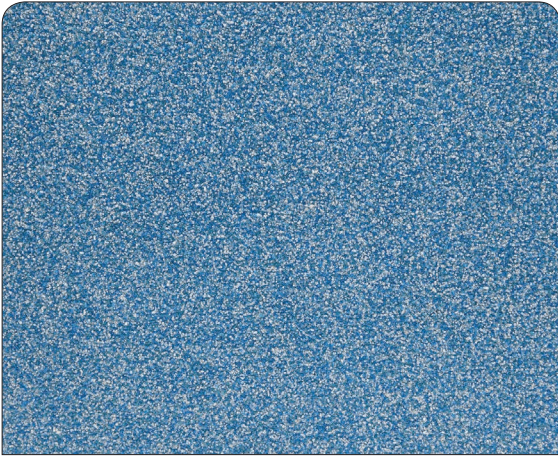

Seals and protects your floor.

## UseCases

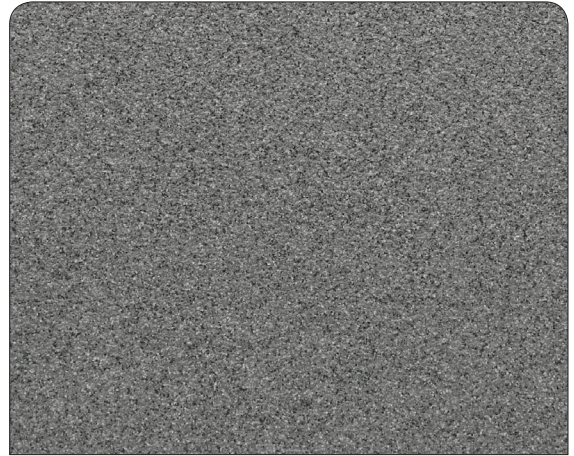

- Driveway
- Walkway
- Interior and exterior stairs
- Poolside
- Garage
